Helping schools around the world!

More than 1 billion people lack access to improved drinking water.

Your School can help change that statistic.

THE FACTS:

- Every 20 seconds a child dies from a water-related disease.
- Water related diseases are the leading cause of death for children under age 5.
- Women and girls spend hours each day collecting water.
- Without access to a latrine, girls stop attending school once they reach puberty.
- 2.5 billion People lack access to adequate sanitation.
- 1 million Deaths (mostly children!) occur yearly due to diarrhea.

H2O for Life supports the **WASH** initiative. Our goal is to help fund water, sanitation and hygiene education projects for schools in developing countries.
